

2021 CHAMPIONSHIP POSITIONS AFTER RACE 6

After 3 rounds and 6 races of the championship the following are the points tables as they stand. We have summarised these into current summary tables as opposed to publishing the whole works as the full tables have proven hard to read and it is believed that these will be better for all

IMPACT IRELAND METALS SCRATCH CHAMPIONSHIP

This is hotting up to be a closer Championship than earlier appeared following a problem with Bernard Foley's car and Gareth Thompson's car in races 5 and 6 and Jackie Cochrane not entering in Races 1 and 2. Bill Griffon is leading but watch out – Bernard and Jackie are hot on his heels

GEORGE MANGAN HANDICAP CHAMPIONSHIP

This is an unusual year in so far as this championship will be restricted to events at Mondello and will exclude the hill climbs which are not happening. In addition, a new handicap system is in place which is working well but will need time and more data to bed down.

Again, Bill Griffon is in the lead, but watch out for the charge of the midgets of Johnny Flynn and Wolfgang Schnittger

JOE FLYNN MG CHALLENGE

We have been missing Liam Ruth on the grid this year but the arrival of Johnny Flynn in his beautifully prepared Midget is really setting the pace. Current Leader is Wolfgang Schnittger, but he will be coming under pressure from Johnny Flynn in the next few races. A bit to go in this Challenge event – so let's see what happens
